Dear Mr. Moore,

Recently I contacted Stuart Wiggins, Facilities Director, regarding consideration for the donation of any portable buildings that may now be in surplus due to the consolidation of schools as a result of the new Marianna K-8 School.

Mr. Wiggins was kind enough to allow me to visit Golson Elementary where building 99-74 and 99-75 classroom portables are located. These buildings would be a great asset to Sunland Marianna. We sustained over one million dollars in building damage and lost twelve buildings due to Hurricane Michael.

If approved, Sunland would assume all monetary as well as personal responsibility for relocating these portable buildings. Sunland would ensure that there would be no cost incurred for the Jackson County School Board during this transition.

Thank you for your consideration of this proposal, please feel free to call me with any questions or concerns regarding this request.

Best regards,

Allen Ward
Operations Manager
